Index to Volume 146

This annual index is organized by first author and title. Page numbers refer to the Following issues:

Number 1(March): Pages 1 through 144
Number 2(June): Pages 145 through 288
Number 3(September): Pages 289 through 432
Number 4(December): Pages 433 through 576

AUTHOR INDEX

Adams, Russell P., & Bradbard, Marilyn R. *Sex differences in preschool children's tactual exploration of novel and familiar objects with parents and strangers*. 567–569.

Barling, Julian, & Bullen, Graham. *Dietary factors and hyperactivity: A failure to replicate*. 117–123.

Barnett, Mark A., & Thompson, Shannon. *The role of perspective taking and empathy in children's machiavellianism, prosocial behavior, and motive for helping*. 295–305.

Baskett, Linda Musun. *Self-monitoring in children: Accuracy and reactivity*. 107–116.

Bell, Nancy J., Schoenrock, Carol, J., Young, Marilyn, Avery, Arthur W., Croft, Candy A., & Lane, Suzanne. *Family constellation, social competence, and sex-role development*. 273–275.

Bennett, Mark. *The young child's understanding of others' motives: A predictive facility or simply the post hoc rationalization of action?* 227–228.

Borduin, Charles M., Henggeler, Scott W., & Pruitt, Julie. *The relationship between juvenile delinquency and personality dimensions of family members*. 563–565.

Brannigan, Gary G., & Horn, Jennifer L. *Parental identification and personal control in young adults*. 495–500.

Brody, Gene H., & Stoneman, Zolinda. *Peer imitation: An examination of status and competence hypotheses*. 161–170.

Brophy, Christopher J., & Stolberg, Arnold. *Aggressive and nonaggressive boys' perception of social stimuli and its regulation through verbalization training*. 423–425.

Brown, Ronald T., Borden, Kathi A., Schlesser, Robert, Clingerman, Stephen, & Orenczuk, Steven. *The performance of attention-deficit-disordered and normal children on conservation tasks*. 535–540.

Carter, Jo A. *Maternal acceptance of black and white school-age boys and girls*. 427–428.

Colombo, John. *Spectral complexity and infant attention*. 519–526.

Diefenderfer, Kaye K., Holzman, Thomas G., & Thompson, Dennis N. *Verbal self-monitoring and solution flexibility in rule induction*. 79–88.

Drewry, Debra L., & Clark, M. L., *Factors important in the formation of preschoolers' friendships*. 37–44.

Galambos, Nancy L., & Garbario, James. *Adjustment of unsupervised children in a rural setting*. 227–231.
Galejs, Irma, Hegland, Susan M., & King, Albert. *Social agents and the development of locus of control in young children*. 181–187.
Ganong, Lawrence H., & Coleman, Marilyn. *Sex, sex roles, and emotional expressiveness*. 405–411.
Gard, Gary C. Turone, Richard, & Devlin, Bernard. *Social interaction and interpersonal distance and behaviorally disturbed boys*. 189–196.
Giacalone, William R., & Rarick, Lawrence. *Dynamic balance of preschool children as reflected by performance on beam-walking tasks*. 307–318.
Giblin, Paul T. *Methodologies of affective classifications*. 217–226.
Giblin, Paul T., & Tzelepis, Angela. *The influences of home, dispositional, and setting variables on the proximity of preschool children to activities, peers and adults*. 319–331.
Gold, Ron. *The "failure to communicate a change of mind" explanations of young children's nonconversation responses*. 171–180.
Gross, Alan M., Delcher, Harry K., Snitzer, Joseph, Bianchi, Barbara, & Epstein, Sandra. *Personality variables and metabolic control in children with diabetes*. 19–26.
Guthrie, Karen H. *Locus of control and field independence-dependence as factors in the development of moral judgment*. 13–18.
Harris, Irving D., & Howard, Kenneth I. *Correlates of perceived parental favorism*. 45–56.
Haviland, Elizabeth, & Lempers, Jacques D. *Children's classification skills as predictors of their referential communicative encodings*. 413–422.
Haylock, Derek W. *High mathematical creativity in a pair of identical twins*. 557–560.
Heaven, P. C. *Developmental trends in authoritarianism: A research extention*. 139–140.
Henderson, Bruce B., Leone, Christopher T., & Loy, Linda L. *Children's exploratory behavior and the generalization of a prohibition*. 57–64.
Hom, Jr. Harry L., & Fabes, Richard A. *The role of choice in children's ability to delay gratification*. 429–430.
Juni, Samuel, & Fischer, Richard E. *Religiosity and preoedipal fixation*. 27–35.
Juni, Samuel, Rahamim, Eileen Lazaroff, & Brannon, Robert. *Sex role development as a function of parent models and oedipal fixation*. 89–99.
Klein, Helen Altman, & Shaffer, Kimberly. *Aging and memory in skilled language performance*. 389–397.
Lipscomb, Thomas J., Bregman, Norman J., & McAllister, Hunter A. *A developmental inquiry into the effects of postevent information on eyewitness accounts*. 551–556.
Livson, Norman, & Leino, Victor. *Adolescent personality antecedents of adult cigarette smoking: A longitudinal study*. 343–355.
Marcon, Rebecca A. *Variations in children's nonverbal communication as a function of listener and second-language development*. 459–468.
Marks, Melanie, & Barling, Julian. *Does understanding of social learning principles influence Children's behavior?* 501–505.
Mattern, Kimberly K., & Lindholm, Byron W. *Effects of maternal commentary in reducing aggressive impact of televised violence on preschool children*. 133–134.
McNamee, Sharie, & Peterson, Judith. *Young children's distributive justice reasoning, behavior, and role taking: Their consistency and relationship*. 399–404.
Miller, Patricia H., Haynes, Vernon F., & Weiss, Michael G. *Metacognitive components of visual search in children*. 249–259.
Mohan, Philip J., & Baldwin, Heidi K. *Child-raising attitudes and child density*. 283–284.

Mooney, Kevin C., Graziano, Anthony M., & Katz, James N. *A factor analytic investigation of children's nighttime fear and coping responses*. 205–215.

Mosbacher, Barbara J., Gruen, Gerald E., & Rychlak, Joseph F. *Incentive value: The overlooked dimension in childhood sharing*. 197–204.

Mundy, Peter C. *Compound-stimulus information processing by 3-month-old infants*. 357–365.

Nagata, Donna Kiyo. *The relationship between ethnic attitude and egocentrism measures*. 151–160.

Nicholas, Karen B., & McGinley, Hugh. *Preschool chilren''s selective imitations of adults: Implication for sex role development*. 143–144.

Oakes, Russell C. *Individual Piagetian epistemological development of children from ages 6 to 11*. 367–377.

O'Brien, Marion, & Huston, Aletha, C. *Activity level and sex-stereotyped toy choice in toddler boys and girls*. 527–533.

Paget, Katherine Frome, & Kritt, David. *The development of the conceptual organization of self*. 333–341.

Pakizegi, B. *Gender classification by infants*. 135–136.

Parish, Thomas S., & Morgan, Hope G. *Ascriptions by handicapped and nonhandicapped children to themselves, normal children, and handicapped children*. 279–280.

Patrick, Karen, & Richman, Charles L. *Imitation in toddlers as a function of motor and verbal aspects of modeling*. 507–518.

Peisach, Estelle, & Hardeman, Mildred. *Imaginative play and logical thinking in young children*. 233–249.

Pesch, Hans G. *Sex variation of eighth-grade students on Piagetian task performance*. 141–142.

Plax, Timothy G., Kearney, Patricia, & Beatty, Michael J. *Modeling parents' assertiveness: A retrospective analysis*. 449–457.

Prawat, Richard S., Anderson, Ariel H., & Hapkiewicz, Walter. *Is the scariest monster also the least real? An examination of children's reality classifications*. 7–12.

Price, Gary Glen, & Gillingham, Mark G. *Effects of mothers' overestimations and underestimations of their children's intellectual ability: A reanalysis of Hunt and Paraskevopoulos*. 477–481.

Reesink, Carole J. *Secondary students' performance on Piagetian projective and euclidean spatial tasks*. 439–447.

Rosser, Rosemary A., Ensing, Sally Stevens, Mazzeo, John, & Horan, Patricia F. *Visual perspective taking in children: Further ramifications of an information-processing model*. 379–387.

Rotenberg, Ken J. *Causes, intensity, motives, and consequences of children's anger from self-reports*. 101–106.

Saigh, Philip A. *An experimental analysis of chronic posttraumatic stress among adolescents*. 125–131.

Scott, Jocelyn, & Miller, Leon K. *Intrinsic motivation and the overjustification effect: A failure to replicate*. 469–476.

Strauss, Sidney, & Klein, Riki. *The development of children's concepts of hardness*. 483–494.

Stremmel, Andrew J., & Ladd, Gary W. *Children's selective use of peer informants: Criteria for making information-seeking decisions*. 541–550.

Ternay, Marilyn R., Wilborn, Bobbie, & Day, H. D. *Perceived child-parent relationships and child adjustment in families with both adopted and natural children*. 261–272.

Wagner, Mazie Earle, Schubert, Herman J. P., & Schubert, Daniel S. P. *family size effects: A review*. 65–78.

Webb, Thomas E., Wery, Karen D., & Krill, Jr., Carl E. *Childhood hemophillia: Application of a measure of self-reported psychosocial distress*. 281–282.

White, Hedy. *Breakdowns in combinatorial reasoning: The role of memory*.

431–432.
White, Hedy. *The syntagmatic-paradigmatic shift and long-term memory activation*. 561–562.
Winer, Gerald A. *Use of adult subjects to obtain evidence on the development of children: A methodological note*. 137–138.

TITLE INDEX

Activity level and sex-stereotyped toy choice in toddler boys and girls. *Marion O'Brien & Aletha C. Auston*. 527–533.
Adjustment of unsupervised children in a rural setting. *Nancy L. Galambos & James Garbarino*. 227–231.
Adolescent personality antecedents of adult cigarette smoking: A longitudinal study. *Norman Livson & E. Victor Lenio*. 343–355.
Aging and memory in skilled language performance. *Helen Altman Klein & Kimberly Shaffer*. 389–397.
Aggressive and nonaggressive boys' perception of social stimuli and its regulation through verbalization training. *Christopher J. Brophy & Arnold Stolberg*. 423–425.
Ascriptions by handicapped and nonhandicapped children to themselves, normal children, and handicapped children. *Thomas S. Parish & Hope G. Morgan*. 279–280.
Breakdowns in combinatorial reasoning: The role of memory. *Hedy White*. 431–432.
Causes, intensity, motives, and consequences of children's anger from self-reports. *Ken J. Rotenberg*. 101–106.
Childhood hemophillia: Applications of a measure of self-reported psychological distress. *Thomas E. Webb, Karen D. Wery, & Carl E. Krill, Jr.* 281–282.
Child-raising attitudes and child density. *Philip J. Mohan & Heidi K. Baldwin*. 283–284.
Children's classification skills as predictors of their referential communicative encodings. *Elizabeth Haviland & Jacques D. Lempers*. 413–422.
Children's exploratory behavior and the generalization of a prohibition. *Bruce B. Henderson, Christopher T. Leone, & Linda L. Loy*. 57–64.
Children's selective use of peer informants: Criteria for making information-seeking decisions. *Andrew J. Stremmel & Gary W. Ladd*. 541–550.
Compound-stimulus information processing by 3-month-old infants. *Peter C. Munday*. 357–365.
Correlates of perceived parental favoritism. *Irving D. Harris & Kenneth I. Howard*. 45–56.
The development of children's concepts of hardness. *Sidney Strauss & Riki Klein*. 483–494.
The development of the conceptual organization of self. *Katherine Frome Paget & David Kritt*. 333–341.
A developmental inquiry into the effects of postevent information on eyewitness accoutns. *Thomas J. Lipscomb, Norman J. Bregman, & Hunter A. McAllister*. 551–556.
Developmental trends in authoritarianism: A research extention. *P. C. L. Heaven*. 139–140.
Dietary factors and hyperactivity: A failure to replicate. *Julian Barling & Graham Bullen*. 117–123.
Does understanding of social learning principles influence children's behavior? *Melanie Marks & Julian Barling*. 501–505.
Dynamic balance of preschool children as reflected by performance on beam-

walking tasks. *William R. Giacalone and G. Lawrence Rarick*. 307–318.
Effect of maternal commentary in reducing aggressive impact of televised violence on preschool children. *Kimberly K. Mattern & Byron W. Lindholm*. 133–134.
Effects of mothers' overestimations and underestimations of their children's intellectual ability: A reanalysis of Hunt and Paraskevopoulos. *Gary Glen Price & Mark G. Gillingham*. 477–481.
An experimental analysis of chronic posttraumatic stress among adolescents. *Philip A. Saigh*. 125–131.
A factor analytic investigation of children's nighttime fear and coping responses. *Kevin C. Mooney, Anthony M. Graziano, & James N. Katz*. 205–215.
Factors important in the formation of preschoolers' friendships. *Debra L. Drewry & M. L. Clark*. 37–44.
The "failure to communicate a change of mind" explanation of young children's nonconversation responses. *Ron Gold*. 171–180.
Family constellation, social competence, and sex-role development. *Nancy L. Bell, Carol J. Schoenrock, Marilyn Young, Arthur W. Avery, Candy A. Croft, & Suzanne Lane*. 273–275.
Family size effects: A review. *Mazie Earle Wagner, Herman J. P. Schubert, & Daniel S. P. Schubert*. 65–78.
Gender classification by infants. *B. Pakizegi*. 135–136.
High mathematical creativity in a pair of identical twins. *Derek W. Haylock*. 557–560.
Imaginative play and logical thinking in young children. *Estelle Peisach & Mildred Hardeman*. 233–249.
Imitation in toddlers as a function of motor and verbal aspects of modeling. *Karen Patrick & Charles L. Richman*. 507–518.
Incentive value: The overlooked dimension in childhood sharing. *Barbara J. Mosbacher, Gerald E. Gruen, & Joseph F. Rychlak*. 197–204.
Individual Piagetian epistemological development of children from ages 6 to 11. *Russell C. Oakes*. 367–377.
Intrinsic motivation and the overjustification effect: A failure to replicate. *Jocelyn Scott & Leon K. Miller*. 469–476.
The influence of home, dispositional, and setting variables on the proximity of preschool children to activities, peers, and adults. *Paul T. Giblin & Angela Tzelepis*. 319–331.
Is the scariest monster also the least real? An examination of children's reality classifications. *Richard S. Prawt, Ariel H. Anderson, & Walter Hapkiewicz*. 7–12.
Locus of control and field independence-dependence as factors in the development of moral judgment. *Karen H. Guthrie*. 13–18.
Maternal acceptance of black and white school-age boys and girls. *Jo A. Carter*. 427–428.
Metacognitive components of visual search in children. *Patricia H. Miller, Vernon F. Haynes, & Michael G. Weiss*. 249–259.
Methodologies of affective classification. *Paul T. Giblin*. 217–226.
Modeling parents' assertiveness: A retrospective analysis. *Timothy G. Plax, Patricia Kearney, & Michael J. Beatty*. 449–457.
Parental identification and personal control in young adults. *Gary G. Brannigan & Jennifer L. Horn*. 495–500.
Peer imitation: An examination of status and competence hypotheses. *Gene H. Brody & Zolinda Stoneman*. 161–170.
Perceived child-parent relationships and child adjustments in families with both adopted and natural children. *Marilyn R. Ternay, Bobbie Wilborn, & H. D. Day*. 261–272.
The performance of attention-deficit-disordered and normal children on conservation tasks. *Ronald T. Brown, Kathi A. Borden, Robert Schlesser, Stephen Clingerman, & Steven Orenczuk*. 535–540.

Personality variables and metabolic control in children with diabetes. *Alan M. Gross, Harry K. Delcher, Joseph Snitzer, Barbara Bianchi, & Sandra Epstein*. 19–26.

Preschool children's selective imitation of adults: Implications for sex role development. *Karen B. Nicholas & Hugh McGinley*. 143–144.

The relationship between ethnic attitude and egocentrism measures. *Donna Kiyo Nagata*. 151–160.

The relationship between juvenile delinquency and personality dimensions of family members. *Charles M. Borduin, Scott W. Henggeler, & Julie Pruitt*. 563–565.

Religiosity and preoedipal fixation. *Richard E. Fischel*. 27–35.

The role of choice in children's ability to delay gratification. *Harry L. Hom, Jr. & Richard A. Fabes*. 429–430.

The role of perspective taking and empathy in children's machiavellianism, prosocial behavior, and motive for helping. *Mark A. Barnett & Shannon Thompson*. 295–305.

Secondary students' performance on Piagetian projective and euclidean spatial tasks. *Carole J. Reesink*. 439–447.

Self-monitoring in children: Accuracy and reactivity. *Linda Musun Baskett*. 107–116.

Sex differences in preschool children's tactual exploration of novel and familiar objects with parents and strangers. *Russell P. Adams & Marilyn R. Bradbard*. 567–569.

Sex role development as a function of parent models and oepidal fixation. *Samuel Juni, Eileen Lazaroff Rehamim, & Robert Brannor*. 89–99.

Sex, sex roles, and emotional expressiveness. *Lawrence H. Ganong & Marilyn Coleman*. 405–411.

Sex variation of eighth-grade students on Piagetian task performance. *Hans G. Pesch*. 141–142.

Social agents and the development of locus of control in young children. *Irma Galejs, Susan M. Hegland, & Albert King*. 181–187.

Social interaction and interpersonal distance in normal and behaviorally disturbed boys. *Gary C. Gard, Richard Turone, & Bernard Devlin*. 189–196.

Spectral complexity and infant attention. *John Colombo*. 519–526.

The syntagmatic-paradigmatic shift and long-term memory activation. *Hedy White*. 561–562.

Use of adult subjects to obtain evidence on the development of children: A methodological note. *Gerald A. Winer*. 137–138.

Variations in children's nonverbal communication as a function of listener and second-language development. *Rebecca A. Marcon*. 459–468.

Verbal self-monitoring and solution flexibility in rule induction. *Kaye K. Diefenderfer, Thomas G. Holzman, & Dennis N. Thompson*. 79–88.

Visual perspective taking in children: Further ramifications of an information-processing model. *Rosemary A. Rosser, Sally Stevens Ensing, John Mazzeo, & Patricia F. Horan*. 379–387.

Young children's distributive justice reasoning, behavior, and role taking: Their consistency and relationship. *Sharie McNamee & Judith Peterson*. 399–404.

The young child's understanding of others' motives: A predictive facility or simply the post hoc rationalization of action? *Mark Bennett*. 277–278.
